Stay Ahead of the Pack

Completely retooled for 2012, this must-attend program looks at what's to come, what's recovering and what's not, as well as what's ahead for our financial markets. Each of our three speakers covers a different aspect of the key information you need to make 2012 more successful for your business – capital markets and finance, real estate analysis from a national perspective to Florida's local scene, and a leading futurist's vision of managing change in our industry. Space will be limited – make this year's reservation early.
