

Immokalee Unmet Needs Coalition
Ellie Ramirez
2055 Commerce Av. Unit 9
Immokalee, FL 34142

Since the impact of Hurricane Irma, we have been providing gift in kind donations to fill the gaps in our community. We actively seek out product (ranging from non-perishable food, hygiene and medical products to household items and even construction materials such as flooring, roofing shingles, windows and plumbing supplies) that will benefit and alleviate the financial burden many families in Immokalee face on a weekly basis. We have also allocated high quality furniture from hotels and timeshares that has been distributed to families in need here in Immokalee. To date we have distributed approximately 2.5 million dollars in donations within our community, most of which has come from Wold Vision delivering a truckload of Gifts in kind now on a weekly basis due to our amazing partners here in Immokalee who can help with the distribution, to those most in need.

Sincerely,

Frank Rincon,
Director
