RE: Florida Redevelopment Association – Lake Worth CRA Award Application

Dear Selection Committee Members;

On behalf of the Lake Worth Rotary Club, I would like to express our full appreciation to the Lake Worth CRA for their implementation of the Royal Poinciana Trail at 5th Ave. South. This trail project was built to meander through our very own Rotary Park. The Board and Staff of the Lake Worth CRA have been coordinating with our Club since 2013 to ensure the new trail did not negatively affect or cause damage to the Rotary Park. The new trail project resulted in a rebuilt Rotary Park consisting of bike racks, benches, enhanced signage, lighting and a 10' wide concrete pathway. In addition, significant shade trees and landscaping was added which made the park an inviting place to visit and/or pass through. The Rotary Club of Lake Worth has always fully supported the efforts of the CRA and their efforts to revive an underserved but important area of the City.

The missions of the Lake Worth CRA and the Rotary Club are similar in that we both strive to progress our community by implementing programs and projects which bring people together and improve their quality of life while making a long lasting difference in their neighborhood.

I hope you too will support the Lake Worth CRA award application as they continue their efforts to improve our community.

Please feel free to contact me if you need any additional information.

Sincerely,

Harry Wolin,
President 2018/2019
Lake Worth Rotary Club
