RE: Florida Redevelopment Association 2018 Transportation Transit Enhancement Project Award

Dear Review Committee:

Please accept this letter of support from the Palm Beach Transportation Planning Agency (TPA) for the Lake Worth Community Redevelopment Agency's (CRA) application of their Royal Poinciana Trail at 5th Avenue South project for the 2018 Transportation Transit Enhancement Project Award.

This project was funded by the TPA's Transportation Alternatives funding program, which seeks to help fund connected infrastructure for non-motorized users. Not only does this project support the TPA's vision of a safe, efficient and connected multimodal transportation system, it also expands the network of shared-use pathways to improve safe routes to school and promote community health.

Thank you in advance for your consideration of this project for the 2018 Transportation Transit Enhancement Project Award. If you should have any questions, please feel free to contact me.

Sincerely,
