2019 Annual Conference
October 16-18, 2019
Hilton Tampa Downtown
*redevelopment.net***

Welcome to Tampa and the 2019 Florida Redevelopment Association Annual Conference!

On behalf of the FRA Board of Directors, I am honored and delighted to welcome you to our 36th annual conference. This event has always been the premier organization for redevelopment specialists in Florida and the 2019 Conference continues that tradition.

To all our sponsors and exhibitors, for your involvement and support- our sincere thanks! Whether you come from a large or small district, there is something for everyone.

I know you will enjoy this year's program filled with informative sessions, networking, professional development opportunities and illuminating tours of redevelopment projects. Tampa's redevelopment offers transferrable aspects for a program of any size. We encourage you to learn about the area as much as you can.

These year's award entries show that significant private and public investments continue to be made every day in Florida's big and small communities. Specifically, these investments are focused within CRAs, where job creation is occurring, quality of place is defined, and civic and cultural activity is celebrated.

Congratulations to all who submitted projects. May we all learn from their experience to transform our communities.

Walking Tour- Ybor City

8:00 a.m. - 11:30 a.m.

Meet outside ground floor hotel registration

Sponsored by the City of Tampa

Participants will meet at the hotel lobby, walk to the Fort Brooke Streetcar Station (less than a block away), and ride the streetcar(s) to Ybor for the tour. We will conclude at Jose Marti Park where everyone can board a streetcar on 13th Street (next to Park) and head back to the hotel. Ybor City is Tampa's National Historic Landmark District: this tour will provide an update on the 2020 vision plan, streetcar study, mixed-use projects, preservation projects and redevelopment activity. Through the Ybor district CRAs and other programs, there are new businesses, expansions, historic renovations, streetscapes and facade projects. Highlights include the Ybor City State Museum, Centennial Park, Centro Ybor, Visitor Information Center, Ybor Square and a community college in the heart of Tampa's Historic Latin Quarter. Interspersed with the existing historic structures in Ybor City, the buildings and infrastructure were designed to blend with the surroundings. We will walk down famous Seventh Avenue, designated "a 2008 Great Streets in America" for its history, character and strong community involvement.

Walking/Trolley Tour - Tampa Downtown Partnership

8:00 a.m.- 11:30 a.m.

Meet in hotel lobby

Sponsored by Tampa Downtown Partnership

We will meet in the hotel lobby before taking a guided trolley ride through Downtown Tampa to experience some of the impacts the Tampa Downtown Partnership has made in the community. This tour offers a great overview and insider specifics about the very successful downtown business improvement district. You will learn about the history, expansion, initiatives, marketing efforts, transportation services, Clean and Safe and Public Space programs. Also, we will cover the funding and administration, and who is involved in working with them to support these efforts. Join us as we explore the City and get an inside look at who and what help to make Downtown Tampa the vibrant destination that it is.

CRA Board Certification Course

8:00 a.m.- 11:30 a.m.

Palma Ceia 2

We have added a certification element to the Boot Camp class. This year, we are more specifically designing the course for elected officials and appointed CRA board members and volunteers. We will cover what you need to know about your Florida CRA. We will most importantly share facts, dispel fantasy, and make sense of CRAs for you. Bring your questions and you will take home reliable information to help you carry out your role in the CRA process. Geared towards policy setters, administrators and volunteers, this will be about the top answers to the top questions about a CRA in Florida. Space is limited. Certificates in CRA Board Training will be given to all who attend the whole course.

Engaging the Underserved Community

2:15 p.m.- 3:15 p.m.

Bayshore 1

Working in traditionally underserved communities is often articulated as a priority for local governments. However, projects can bring real-life benefits only when you directly reach out to the community. Our panel will discuss how to effectively engage the underserved community to get direction and productive results. We will explore ways to deal with negativity, achieve support, implement effective methods and programs, and learn from experience. Participants will walk away with a “real talk” understanding of how to include and engage the underserved communities.

Mobile Tour- West Tampa CRAs

2:15 p.m.- 4:45 p.m.

Meet in hotel lobby

Sponsored by The Urban Group

Participants will take the bus from the hotel and back. West Tampa is the newest CRA, created in 2015. It is centrally located in the heart of the city, between downtown and the Westshore business district. Through the West River Plan, public housing and active and passive community parks are a priority – a community open to the Hillsborough River. Covered on the

tour are some beautiful renovations in the historic district, Salcines Park and a new HUD housing project with mixed income and 50% subsidized units. If we have time, we will stop by the Bryan Glazer Family Jewish Community Center, which includes a beautiful fitness and aquatic center/premier event facility as a catalyst project in the area. Also, on this tour we will not visit but will share information about the Drew Park CRA. Its history began as Drew Field, the city of Tampa's grass landing strip airfield, with a rich history, which became the International Airport. Today, the over 600 acres to the east constitutes the Drew Park CRA. Its proximity to the Dale Mabry Campus of Hillsborough Community College, professional sports and recreational facilities, and major employers is a draw for private investment. It is one of the few remaining areas in Tampa with affordable industrial land and space. We will share information about our roadway improvements, streetscapes and business assistance programs on the tour, but drive time prohibits us from touring the area in person.

The CRA Role in Resiliency

4:45 p.m. – 5:45 p.m.

Palma Ceia 3-4

Community Redevelopment Agencies can help with resiliency issues, which are a hot topic in Florida's urban areas. Both arenas include issues which are long term in scope, broad in application and involve many "moving parts." How can this dramatic urban planning challenge be incorporated into CRA plans? We will identify some guiding principles for budgeting and implementation. We will also share practical tips for framing discussions and managing projects. Finally, we will compile a "cheat sheet" of resources for collaborative success.

8:00 a.m.- 9:00 a.m.

Palma Ceia 1-2

We all have them, and they are sadly, very visible. We all strive to explain the why, the how and the when to our citizens and others about vacancies in the redevelopment areas. How can you as one individual connect to businesses who would want to locate in these properties? There are resources readily available to connect those with space with those looking to open a storefront, even in this digital age. Entrepreneurs, i.e. start up, new and incubator and other prospective business owners are looking for you!

Joint Planning Between CRAs and Cities

8:00 a.m.- 9:00 a.m.

Palma Ceia 3-4

Joint Planning Agreements have been done between cities and counties but how do they work between a CRA and the municipality? This is a discussion that shows the pros and cons of having a Joint Planning Agreement between the CRA and municipality. Joint Planning Agreements create cohesion for vision. Add funding issues, and it can help all stakeholders understand the CRA's role within the city. Learn how a Joint Planning Agreement can set the tone of development for a CRA.

Water Street Case Study

9:15 a.m.- 10:15 a.m.

Palma Ceia 1-2

This session shares the amazing story of how one of the most unique, world-class large-scale redevelopment projects landed in the center of urban Tampa. You will see this development on the afternoon CRA tour later this afternoon. The 50-acre district attracted national attention and international investment almost immediately. *Water Street Tampa* features retail, offices, homes, hotels, culture and education, all within a neighborhood designed for people to walk, meet, explore and enjoy year-round; a place with culture, character and community on every corner. Take home a piece or part of the story to understand what it might take to do something to scale like this back home.

CM I 1.0

Presenters: **James H. “Jim” Shimberg, Jr.**, Executive Vice President for Legal and External Affairs, Strategic Property Partners, LLC, and **Zachary Schwartz**, senior GIS and information systems analyst, City of Palmetto CRA

Storm Redevelopment

9:15 a.m.- 10:15 a.m.

Palma Ceia 3-4

Florida is currently rebuilding actively from storms with the names of Matthew, Irma, and Michael. Another season is producing active storms. To quote many people who go through these storms, “nothing can prepare you.” To at least pass on, however, the experiences and resources that others know about, only because they have been through it, is the mission of this session. Please bring your experience and questions to discuss some tips, lessons learned and best practices.

Speakers: **Y. Lisa Colon**, Esq., Partner, Smith, Currie & Hancock LLP; **Gladys Cook**, Disaster Housing Recovery Director, Florida Housing Coalition; **Cherry Jochum**, Federal Disaster Recovery Coordinator and Philanthropy Advisor for FEMA National Disaster Recovery Support; **Giovanni Moss**, Project Manager, Innovative Emergency Management and **Rick Stauts**, Executive Director, City of Florida City CRA

The Federal Community Reinvestment Act (CRA) for Florida’s CRAs

9:15 a.m.- 10:15 a.m.

Bayshore 1

Learn about the Community Reinvestment Act and how city and county Community Redevelopment Agencies (CRAs) can partner with banks to meet community development needs. Examples of economic development, small business support, affordable housing as well as revitalization and stabilization will be discussed. The session will include a presentation and exercise in identifying bank Community Reinvestment Act opportunities. You will leave with a general knowledge of the Act and understanding about how redevelopment areas can use their plan goals and objectives to partner on your projects.

Filling the Gaps in Redevelopment Resources

10:30 a.m.- 11:30 a.m.

Bayshore 1

The goal of this interactive session is to collaboratively identify gaps in your city and/or CRA policies that have an adverse impact on underserved populations in your community. What about hiring and employment, housing, access to investment capital, zoning, code enforcement, philanthropy and other disparities in funding or programs? Once these gaps are identified, we will discuss solutions to assist you in closing the gap to address issues of poverty, affordable housing, small business development and job training in your community. This is a group think, and we hope will produce some useful takeaways.

Meeting Your CRA's Plan Through Bank Partnerships

10:30 a.m.- 11:30 a.m.

Palma Ceia 3-4

Financial Institutions provide lending, services and investments for local infrastructure, affordable housing and economic development. How can a Florida based CRA plug into these programs? We will discuss how to effectively choose and partner with a financial institution. We invite YOU to bring general information about projects or opportunities for bank investments in your CRA. We will share who to contact and what kinds of projects banks are looking for. This session is a follow-up to “Understanding Bank CRA for Florida’s CRAs”. Instead of lectures in this session, we will host a facilitated audience participation format.

Land Use Basics

2:30 p.m.- 4:00 p.m.

Palma Ceia 3-4

This session is to be an interactive review about the different aspects of redevelopment planning that involve land use, zoning, regulations, planning processes, assembly, property disposition and buying property. This session will outline all you need to know before you start a project, or where to go for the information before you get too far down the road. Whether you are asked to be part of a team, or to vote on policy, to create RFPs, to assemble, buy or sell land, this will help guide you through it all.

Mobile Tour - Downtown/ Channel/Central/Heights CRAs

2:30 p.m.- 5:00 p.m.

Meet in hotel lobby

Sponsored by VHB

Participants will take the bus from the hotel and back. We will cover the astounding growth and redevelopment going on in the other four CRA districts in the downtown Tampa area. In the Channel District CRA, a former warehouse district, there are many dramatic projects to see and more planned, including a districtwide infrastructure improvement program. The Central Park CRA covers an area rich in culture and history, as a thriving African-American business and entertainment district. It is home to the Encore catalyst project, with many residential, business and recreational developments, right next to the urban job center. Hotels and residential projects are the most recent activities in the Downtown CRA area – which includes the convention center and an incredibly unique waterfront. The Tampa Heights Riverfront CRA is home to many exciting smaller-scale redevelopment projects that visitors and locals rave about. You will get the backstory on all these projects and learn about how the CRAs support this redevelopment.

CRA Legal Workshop: “Hot” Legal Issues in Redevelopment

9:30 a.m.- 10:45 a.m.

Palma Ceia 1-2

This course is geared toward CRA attorneys and others who want to learn about some specific “hot topics” in legal requirements for CRAs. These issues by their nature also very much apply to the cities and counties who create the CRAs. This course this year will feature instructors who are members of the Florida Bar with a great deal of specific CRA legal experience. We will review case law, Attorney General Opinions, and legislative reports. This is designed for CRA lawyers, practitioners, board members and volunteers who work with Community Redevelopment Agencies in Florida. The topics specifically that will be covered include: Introduction to the new law under Chapter 163, Part III, effective October 1, 2019 (changes to the statute from the 2019 legislative session); Review of “what you can spend Tax Increment on” and guidelines, tips and best practices.

Mobile Tour and Lunch - Armature Works

11:00 a.m.- 1:30 p.m.

Meet in hotel lobby

Sponsored by Florida Community Loan Fund and Water Street Tampa

Participants will take the bus from the hotel and back. You are welcome to stay longer in the area, but parking is limited, so we recommend ride sharing. On this tour, you will learn about the impressive catalyst project known as Armature Works. We will share the history, funding, construction and other aspects of its redevelopment. Funded by a New Markets Tax Credit loan, it was an anchor redevelopment in a master plan, featuring adjacent commercial space and apartments. There are 50 acres surrounding it, with many projects targeted over the next 10 years in phases. The site originally met the criteria for a USDA Food Desert, an SBA HUB Zone, an area of Heavy Distress, a federal and local Enterprise Zone, a medically underserved population and a brownfield site before its transformation. After the presentations, we will provide lunch in the Theatre room.
