2026

A Community Redevelopment Agency ("CRA") is a dependent special district that makes investments using Tax Increment Financing to improve your community. CRAs receive no state funds, but it reports annually to the state and local governments on its activities and budget.

Since 1985, the Delray Beach CRA has revitalized our community by investing in infrastructure, affordable housing, policing innovations, planning studies, property acquisition, development opportunities, and many more impactful initiatives in compliance with Chapter 163, Part III of the Florida Statutes.

Redevelopment activities are experienced locally within the CRA District, and beyond.

The "Overall Needs", within the Community Redevelopment Area as defined in the CRA plan are:

- **Land Use**
- **Economic Development**
- **Affordable Housing**
- **Downtown Housing**
- **Infrastructure**
- **Recreation and Cultural Facilities**
- **Removal of Slum and Blight**
